

MOTORS WITH INBUILT STRENGTH

REMI enjoys the distinction of being the pioneers in india to produce all type of Electric and Geared motors over 50 years, under license from VEM (VEB Kombinat Electromaschinenbau) and Stephan Weker GmbH & Co.

Understanding the need for all operations under one roof, REMI has a centralized factory at Vasai near Mumbai. We are also the first company in India to have facilities such as Press Shop, Vacuum Impregnation Plant, Die-Casting, Machining Centres, Gear Cutting facilities, Heat Treatment facilities and state of art In-line testing facilities all under one roof.

At REMI expansion, addition and up-gradations are an all time happening activity - be it in respect of increasing size range, manufacturing processes, or putting up new special / SPM machines for making components the list is endless.

REMI'S products have achieved acceptance on grounds of reliability and quality among Indian users over 25 lakh motors and 2 lac geared motors are in the field, which all comply to Indian Standards (such as ISI) and international Standards (such as IEC and DIN).

REMI also boasts of qualified, experienced and dedicated workforce, to match any of your needs, whether you required a special custom built motor, a delivery advantage or any other requirement that you may have.

WHY REMI Motors ?

- German Technology
- Vacuum Impregnation of Winding
- In House Gear manufacturing / Heat Treatment
- Low Noise & Vibration
- Can offer Non Standard
- Custom Built Special Motors
- Price & Delivery Advantage
- All India Sales and Service Backup

IS/IEC 60079-1:2007

IS : 12615:2011

PRODUCT RANGE

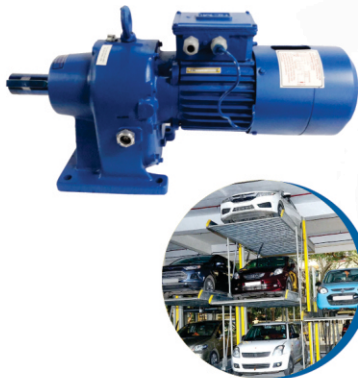

FLP Motor (IE2)

- Frame Size 63 to 160
- Suitable for GAS Group IIA, IIB
- Approved by ERTL
- Approved by Bureau of Indian Standards (BIS)
- Approved by Directorate General Factory Advice Services & Labour Institute (DGFASLI) Mumbai

STD Motors (IE2/IE3)

- 0.12 HP to 75 HP
- High Eff Motors as per IS 12615.
- Low Watt loss high grade CRNGO
- German 'VEM' design of stamping
- Special modified wires for 'F' Class Insulation

Car Parking Geared Brake Motors

- Wide range of RPM can be offered
- Fully integrated compact design
- Brake capacity of over 200% (with Manual release option)

Mount On Gear Box

- Any IEC frame motor can be coupled
- Gear design from Germany
- Gear Manufactured as per DIN Standard
- 'Block' / 'Unicase' design of gear housing

Geared Motors

- HP 0.16 HP to 40 HP
- RPM 1.5 to 414
- Gears manufactured as per DIN standards
- 'Block' / 'Unicase' design of gear housing
- High power to weight ration, as integral Motors
- High percision machines used

Crane Duty Motors

- 0.12 hp to 75 hp
- S 4 duty, 150 start hour
- F class insulation with temperature limited to class B
- Ambient - 50 degree

REMI ELEKTROTECHNIK LIMITED

(MOTOR DIVISION)

Corporate Office :

Remi House Plot No. 11, Cama Industrial Estate, Goregaon (East),
Mumbai - 400 063. Tel.: 022-40589888 Fax : 022-26850888
